The Hong Kong Racehorse
Owners Association

**MEMBERSHIP
APPLICATION**

OBJECTS

The Hong Kong Racehorse Owners Association Limited ("the Association") was established on 25th April 1978 by a group of enthusiastic Hong Kong racehorse owners, many of whom are still active in the Hong Kong horse-racing circle.

The Memorandum of the Association contains a large number of objects, but the main ones for which the Association is established are as follows:

1. To encourage and ensure co-operative effort in all matters pertaining or relating to the interests of racehorse owners in Hong Kong or elsewhere under The Hong Kong Jockey Club or other appropriate rules as the case may be.
2. To confer with and ascertain the views of racehorse owners regarding matters directly or indirectly affecting horses on the administration and running of the sport of horse and racing and for that purpose to invite and collect the views and recommendations of racehorse owners and place them in the hands of The Hong Kong Jockey Club or other racing authority for its consideration.

Since its incorporation, the Association has become a very important channel through which information relating to matters affecting the interests of a horseowner is disseminated to its Members. This is generally done by way of notice to or correspondence with Members, or through the Association's official publication the "Owners' Gazette".

The Association has also become an effective channel of communication through which the views of its Members in their capacity of horseowners are reflected to The Hong Kong Jockey Club. At the end of each season, an "End of Season Report" is submitted to the Club and by which the latter's attention is drawn to matters which horseowners or the Association has expressed support or concern.

Each year, the Association organizes a series of activities for its Members. They are either social, educational or recreational in nature and by means of which Members, and sometimes families of Members, may interact with each other as well as update themselves on matters concerning horseracing or their racing interests.

One particularly useful service offered by the Association is to collectively bargain on their behalf in order to obtain the most favourable insurance covers for their horses.
